

Prenatal Consultation

Welcome to Elizabethtown and Bardstown Pediatrics! We are excited and honored that you are considering our practices for your future pediatric healthcare needs. It is always special for us to be invited by new parents to join in the care of a new baby. The continuity of care and the amazement of watching a baby grow and develop into a wonderful child is one of the primary reasons that we all feel privileged to work in pediatrics.

Prenatal Visits

We understand the importance of choosing the right pediatric providers and the right pediatric office for your family. To help with this process, we welcome you to schedule a free prenatal visit to meet with one of our providers. To learn more about our practices and to schedule an appointment, please call Elizabethtown office at (270) 769-0110 or Bardstown office at (502) 337-6125 during regular office hours Monday through Friday 8am -5pm.

Before Labor

Once you arrive in labor to the hospital, you simply need to notify the hospital staff that you have chosen Dr. Saifullah, Dr Ali from Elizabethtown/Bardstown Pediatrics as your pediatrician. The hospital normally notifies us within few hours of delivery.

After Delivery

One of the physicians from the practice where you had a pre-natal visit, will come to the hospital within the first 24 hours after birth to examine your newborn and to answer any questions you may have regarding your new baby. They will also visit with you daily, examine your baby and eventually plan for follow-up in our office, often within 1-3 days after discharge from the hospital.

Delivery at Hardin Memorial Hospital (HMH)

Dr. Saifullah and Dr. Ali have privileges at Hardin Memorial Hospital in Elizabethtown and they will be able to see your little one in the hospital after he/she is born. .

Delivery at hospital other than HMH

If you deliver at a hospital other than one above, your baby will receive a daily exam by the hospital pediatrician who will also visit with you and answer any questions you have regarding your new baby. Upon discharge from the hospital, the pediatrician will recommend an appropriate follow-up appointment with our office within 1-3 days after discharge from the hospital. Simply call the office to schedule your first visit at (270) 769-0110 or (502) 337-6125. Please let the hospital physician know who your pediatrician is so they can forward their notes to our office.
